THE HOME PAPER

SAY!

(By CHARLES J. ARNOLD)

"TRY THIS IN YOUR CONTEST"

Combining business with pleasure seems to be the MOTIVE of my two "Tell him how" friends, who in filing their suggestion of "How to Spend My \$25 Prize Money," have submitted a statement of charges against me for hauling them to Indianapolis, a few days ago. After hauling them to the city and most of the way back, I dumped them out 10 miles east of town on the return trip, leaving them standing on the road side to shift for themselves on the remainder of journey. John (Ex-Victrola) Cartwright and James (Organ) Bittles, the two in question, following my exposure of their conduct promised a "formal" statement in defense of their position. And today it reached me. And true enough it IS a statement, for they ask that I pay to them, as damages, that hard earned prize money. But I am telling the whole wide world that whenever they get the money they are going to have to use force and a lot of it for I am not going to submit to their highbidding methods.

Here is their "formal" statement in the exact words and figures, to-wit:

—In Account With—

DID YOU EVER STOP TO THINK

THAT advertising is a service to

the public.

THAT this kind of service is of as-

sistance to the public.

THAT now is the time for some

business concerns to quit thinking

that the public owes them something

and think of what they owe the public.

THAT the public expects to know

about the business world and what

they have to sell through the printed

page.

THAT out of consideration for the

public, every business man should

advertise.

THAT every business should look

ahead; they must anticipate, they

must employ well-established poli-

cies of modern business; they should

have faith in their city, faith in their

business, confidence in themselves,

and then ADVERTISE!

THAT often honest pessimism is

better than dishonest optimism.

MERCHANDISE THAT IS GOOD

ENOUGH TO SELL IS GOOD

ENOUGH TO ADVERTISE. THE

POWER OF ADVERTISING IS SO

STRONG THAT THE MAJORITY OF

THE PEOPLE WILL BUY ONLY

FROM THOSE WHO ADVERTISE

THEIR WARES.—By EDSON R.

WAITE—Shawnee, Okla.

THAT the public expects to know

about the business world and what

they have to sell through the printed

page.

THAT out of consideration for the

public, every business man should

advertise.

HAVE YOU EVER—Were you ever

invited out for luncheon. I was, to-

day. She told me to get mine down

town. And I did.

TOO HOT FOR SIDEWALK RE-

MOVAL—I would not ask that the

sidewalks around the court house be

removed during this extremely hot

weather, but when the cooler weather

comes it will be all, right, all right.

RACCOON MAN THRESHES

900 BUSHELS OF WHEAT

Harry Stamp who operates a farm one mile south of Racoon station on state road No. 43, has just completed his wheat threshing and from fifty-five acres Mr. Stamp threshed nine hundred and ninety bushels of wheat. The average yield per acre was eighteen bushels which considering the general condition of the Indiana crop this season is very good. All of the wheat graded number one.

ASPHALT OR CONCRETE IS BIG QUESTION

ELMER BLUE, COUNTY ROAD SUPERINTENDENT, IS LEADER IN MOVEMENT TO HAVE WASHINGTON STREET PROPERTY OWNERS, PETITION FOR SEMI-HARD SURFACE ROADWAY

Following the declaration of the city council for the improvement of east Washington street, by either the laying of a concrete roadway or resurfacing the present street with asphalt, quite a fight has developed among the property owners regarding the character of pavement to be selected.

Lead by Elmer Blue, county road superintendent, asphalt advocates have circulated a petition asking the council to let a contract for that character of pavement. Concrete advocates followed suit and are asking that concrete be named.

Many false rumors have been circulated regarding the exorbitant cost of the concrete. In some cases the facts in the matter have been badly misrepresented. The facts as coming from the city engineer are, that the concrete will cost only 42 cents more on the running foot than the asphalt.

It is conceded that concrete pavement is much more durable and the upkeep is much less than asphalt. And in the case of an asphalt pavement, the improvement would be in the nature of a re-surfacing of the present roadway, while with concrete the pavement would be a complete new job.

The present sidewalks and curbing will not be disturbed regardless of which material is used. One rumor circulated was that in case concrete was used the present gutters and curbs would be torn out.

One woman was informed that it would cost her only \$70 if asphalt is used and over \$300 if concrete is used, while the fact is that the concrete would cost her only a few dollars more.

MUDDY WATER UNDRINKABLE

City water muddied by a disturbance at the pumping plant of the Greencastle Water Works Company, late Thursday evening, became undrinkable and many persons went to bed thirsty Thursday night. The water cleared up Friday morning. Some sections of the city escaped but downtown the water was so muddy that it could not be used as a drink.

A leak in the force main at the pumping station caused the muddy water it was said. Residents on Madison street were inconvenienced for about 30 minutes Friday morning because it was necessary to shut off their supply of water until repairs could be made. As soon as the workmen started repairs the mud which had settled in the bottom of the main, was disturbed, and the murky water resulted.

FRED STONE HURT

NEW LONDON, Conn., Aug. 3.—(INS)—Fred Stone, noted actor, was hurt today when an airplane in which he was flying went into a tail spin while one hundred feet above the ground and crashed. Stone's daughter, Dorothy, witnessed the accident. Stone was taken to a hospital here for treatment.

EIGHTEEN ARE DEAD IN BLAST OF REFINERY

BURNED MEN DYING "LIKE FLIES" IN HOSPITAL AT VINCENNES AS DEADLY GAS GETS IN WORK

LEAST INJURED ARE SUCCUMBING

Hospital Lawn Scenes Of Pathos—Wives Of Injured Not Admitted Until Death Approaches

VINCENNES, Ind., Aug. 3.—(INS)—The Lawrenceville, Illinois, Indiana Refinery Company's oil still blast death toll mounted to twenty this afternoon with the deaths at the Good Samaritan Hospital here of Harold Carrithers, 23, and Ira Heath, 24, both of Lawrenceville. Ten others of the 51 burned by flaming oil were reported to be dying.

VINCENNES, Ind., Aug. 3.—(INS)—With eighteen men dead and twelve dying at the Good Samaritan Hospital here from burns received in the terrible oil still explosion Tuesday at the Indiana Refining Company's plant at Lawrenceville, Ill., across the Wabash River from here which showered 150 fire fighters with burning oil, the authorities of Illinois and Indiana joined hands today in probing the disaster.

Coroner N. E. Beckes of this city went to Lawrenceville to conduct the inquest into the deaths of the victims. The Indiana coroner had charge of the inquest because the men died in Indiana. The inquest was held at Lawrenceville because the disaster occurred there.

Meanwhile sorrowing Lawrenceville prepared to bury the first ten victims of the blast today. Individual funerals will be held.

Another group of funerals will be held tomorrow for the victims who succumbed last night.

Physicians at the hospital said the injured men were "dying like flies" despite best medical care. Some of the apparently least injured were succumbing.

The hospital lawn which continued to be filled with a weeping crowd of men and women all through the night, was the scene of poignant pathos as this morning when word was sent to Mrs. Ed. Childress to go to her husband's side. The hospital authorities were not permitting even the wives of the injured men to see their husbands until it was certain the victims were dying.

When word reached Mrs. Childress in the crowd that she finally was to be admitted to see her husband, she realized the import of the concession and fainted.

When physicians restored her to consciousness her husband was dead. She became hysterical.

Physicians explained the terrible death toll as being due to the inhalation of gas from the flames together with inhalation of Foamite, the chemical used in fighting the fire. The gas and the foamite caused the formation of a fatal poison in the men's lungs and this accounted for the deaths of many of the men who were not seriously burned.

Emergency physicians were called to duty at the hospital duty to relieve the tired medical staff that has looked after the victims since the first injured man reached the hospital.

KROGER LEASES 2ND STORE HERE

It was learned Friday that the Kroger chain of grocery stores will soon be increased by a second store in Greencastle. The second store will be located in the Sudraski building in the room now occupied by the Cooper & Inman grocery store. The lease held by Cooper & Inman expires next March 24 at which time the Kroger store will locate here. The Kroger Company has secured a ten-year lease on the store room.

CAN YOU BEAT IT?

PERU, Ind., Aug. 3.—(INS)—Tales of skunk killings by mowers threaten to outclass fish stories in Indiana, following the slaughter of two more of the malodorous animals by John W. Vetter, superintendent of the Mexico orphanage farm, five miles north of here.

Vetter, unlike Lon Lukenbill, living near Rochester, who allowed his day to be spotted when his mower removed the spinal appendages of two of the black and white striped kittens, gave his machine a good rub-down with new mown hay and continued with his hay cutting.

Vetter admitted, however, that riding the mower the remainder of the day was anything but pleasant.

COACH BAUSMAN AND FAMILY IN AUTO ACCIDENT

NO ONE HURT IN COLLISION AT HANNA CROSS ROADS LATE THURSDAY EVENING—OTHER CAR WITHOUT LIGHTS, IT WAS SAID

Lack of lights on a car driven by Mrs. William Whitted, of Morton, was the cause of a collision between the car occupied by Mrs. Whitted and one occupied by W. E. Bausman and family, of this city, at the Hanna Cross Roads, nine miles north of this city on Road 43, late Thursday evening.

Although both cars were damaged occupants of the two machines escaped without injury.

Mr. Bausman and family were returning to Greencastle from Lafayette while Mrs. Whitted and a son were driving west on State Road 36. According to Bausman there were no lights on the Whitted car and he did not see it in time to avoid a crash. A back wheel was torn from the Whitted car while the front end of Mr. Bausman's car was damaged.

It was said the car driven by Mrs. Whitted belonged to Albert Miller, an employe of her husband.

REVIEW BOARD TO MEET TUESDAY

The Putnam County Board of Review will meet here next Tuesday to put on the increased assessment of 5 per cent on lots and lands in Putnam County as ordered Thursday by the State Tax Board. A member of the State Tax Board will probably attend the session.

Even with the increase ordered by the State Board, assessments on lots in Greencastle are still 5 per cent lower than they were assessed by the township assessor. The Board of Review in its recent session lowered the assessed valuation on lots in Greencastle 10 per cent.

20 Years Ago IN GREENCASTLE

From the Files of THE HERALD 20 Years Ago To-day

Eighteen Greencastle people left this morning for Denver and Yellowstone park. They expect to be gone 18 days.

Mrs. Clyde Williams has returned from a visit with Jesse Williams at Crawfordsville.

Mr. and Mrs. Roy Abrams and daughter have gone to Lowell for a visit. Their son Marshall is already there.

The Epworth League held a farewell tonight for Miss May Peregrine who will leave for missionary work in China.

APPROPRIATION OF \$4,000 ASKED BY VETERINARIAN

F. H. BROWN URGES THAT COUNTY COUNCIL PROVIDE FUNDS TO CARRY ON WORK OF ERADICATING BOVINE TUBERCULOSIS

WRITES LETTER TO AUDITOR

Work Has Been Carried On Successfully In Morgan And Hendricks Counties

F. W. Brown, state veterinarian, in a letter to County Auditor W. E. Gill, urges that the Putnam County Council this fall include in its 1929 budget, an appropriation of \$4,000 to carry on the work of eradicating bovine tuberculosis in this county. The council last fall refused to appropriate funds for this work. Mr. Brown's letter follows:

Auditor, Putnam County, Greencastle, Indiana.

You are hereby notified that, under the law made and provided by the Acts of 1925, Chapter 215 and the Acts of 1927, Chapter 197, bovine tuberculosis has been reduced to less than one-half of one percent in Hendricks and Morgan counties, thus Hendricks and Morgan Counties have been declared accredited areas by the State and Federal government.

Putnam County is contiguous to each of the above mentioned counties, a total of two counties contiguous to Putnam County in which bovine tuberculosis eradication work has been completed.

With the above information submitted by the writer under the Acts of Putnam County to make an appropriation to defray the expense of carrying on the work of tuberculin testing the cattle in Putnam County, not so accredited.

Therefore, I request that the County Council of Putnam County, during their regular meeting in September, 1928, make an appropriation of not less than \$4,000, same to be made available January 1, 1929, for the purpose of defraying part of the expense of carrying on the work of testing cattle in Putnam County during the year 1929, as prescribed by law. \$4,000 may be more than is required to meet the county's portion of this expense, however, it is best that we have ample funds, that this work may be carried forward to completion without delay, when once inaugurated.

Please submit the names and addresses of the members of your County Council and favor us by return mail with your personal opinion as to whether your County Council will look with favor upon the making of this appropriation.

Yours very truly,

State Veterinarian

F. H. BROWN

STEPHEN BROWN ASKS DIVORCE

A marriage of slightly more than four months has gone on the rocks according to a divorce complaint filed in the Putnam Circuit court by Stephen Brown against Ada Brown. According to the complaint the couple married March 22, 1928, and separated July 30.

The plaintiff alleges the defendant has unjustly accused him of being interested in other women, that she became angry when he turned over to a son and daughter by former marriage, insurance policies; and that she finally demanded that he leave their home. The plaintiff alleges it is the second time the defendant has become angry at him. He states that he believes their marriage was a mutual mistake and he therefore asks an absolute divorce.

The plaintiff gives as his present residence, 202 North College avenue. Prior to that he lived with the defendant at 702 Monon street. F. S. Hamilton is attorney for the plaintiff.

HEENEY MARRIED?

NEW YORK, Aug. 3.—(INS)—Tom Heene, erstwhile contender for the world's heavyweight championship, is honeymooning today with the former Marion Dunn, of Port Washington, L. I., according to an unconfirmed report circulated today.

Heene is said to have eloped to the little village of Ladentown, near Suffern, N. Y., to be married by P. Margulies, Justice of the Peace and proprietor of the general store.

FOUR INDICTED IN MURDER OF GEN. OBREGON

SELF CONFESSED ASSASSIN AND THREE OTHERS TO BE TRIED IN CIVIL COURTS AT MEXICO CITY—LEON TORAL FACES EXECUTION

MEXICO CITY, Aug. 3.—(INS)—Jose De Leon Toral, mother superior of the convent of Santa Maria Luisa Pena Altamira and Jorge Fernando Pavaon, a cousin of Leon Toral, have been indicted in connection with the assassination of president-elect Alvaro Obregon and it was announced today that the trials would start next week. Leon Toral is the self confessed assassin. The others are accused of complicity.

Leon Toral's lawyer probably will ask for the appointment of a commission to examine the prisoner. He said that evidence would be introduced along two lines:

1.—To prove that the prisoner is a religious fanatic;

2.—To prove that there was a strain of insanity in his family.

Prosecuting attorney Juan Correa Nieto said that Leon Toral, the Catholic nun and Gallardo Pavaon will be charged with murder when the trial opens.

The Mexican law prohibits the execution of women.

As Leon Toral has already confessed, it is expected that he will be found guilty and will face a firing squad unless his lawyers insanity plea saves him.

The mother superior faces a 20 year term. The other two face 10 year sentences as accessories before the fact if found guilty.

Newspaper men were again allowed to question Leon Toral. When asked if he considered himself sane he pondered the question gravely for a few moments then replied: "I believe so."

The preliminary court inquiry has revealed the presence of a society with headquarters in Villa De Guadalupe. A suburb, which is alleged to have been formed for the purpose of assassinating men in power.

VARE STILL CRITICAL

ATLANTIC CITY, N. J., Aug. 3.—(INS)—The condition of William S. Vare, senator elect from Pennsylvania, who suffered a stroke of apoplexy at his summer home at Vetnor City near here Wednesday was declared unchanged this morning.

His personal physician Dr. Ellwood R. Kirby of Philadelphia, who visited him this morning, said, before leaving for Philadelphia that Vare's condition was exceedingly critical. He said Vare had a temperature of 98 and added that the slightest recurrence of the cerebral hemorrhage would cause death. He added that if the high temperature continued it was likely to prove fatal.

DROWNS IN LAKE

WARSAW, Ind., Aug. 3.—(INS)—Robert Hartsell, Jr., 6, fell into deep water while playing on the shore of Winona Lake near here and was drowned. The tragedy occurred while the youth was visiting his grandfather here. The body was recovered two hours later.

THE WEATHER

Partly cloudy with probably showers Saturday in North and Central portions and in Northwest portions to night. Cooler tonight in extreme Northwest portion and in North and Central portions Saturday.

POLISH FLYERS LEAVE PARIS FOR AMERICA

TAKE OFF UNDETERRED BY NEWS THAT CAPT. FRANK COURTNEY AND COMPANIONS HAD BEEN FORCED DOWN

BOUND FOR N. Y. OR ANYWHERE

Steamer Winnawaska Rescues English Flyers From Ocean—Plane Is Abandoned

PARIS, Aug. 3.—(INS)—Undeterred by the news that Capt. Frank J. Courtney and three companions had been forced down on the Atlantic, the Polish fliers, Major Louis Idzikowski and Major Casimir Kubala, hopped off from Le Bourget air field at 5:49 a. m. (12:49 a. m. New York daylight time) today, on another trans-Atlantic attempt with New York as their ultimate goal.

Burdened by the weight of 1,200 gallons of fuel which the fliers calculated would take them more than 3,600 miles without a stop, the silver grey biplane "Marzialek Pilsudski" taxied more than three quarters of a mile across the field before it lifted into the air.

Idzikowski was at the controls. A huge crowd cheered wildly as the plane rose and headed for the coast.

"We may land in New York or anywhere," were Idzikowski's parting words. Before the start the fliers had announced they would head for the Azores, landing there only if additional fuel were needed. If not, they said they intended flying direct to the Bermudas.

Weather conditions for the flight were ideal. Kubala, acting as navigator, sat next to Idzikowski in one of the two open cockpits. The plane is not cabin-enclosed.

Before starting Kubala expressed confidence that he and his companion would land in New York in forty hours as they expected a northeasterly wind behind them most of the way. For provisions, the fliers carried a dozen chicken sandwiches, two thermos bottles of coffee and six bottles of champagne. They said they expect to consume the champagne en route "so as not to violate the United States prohibition laws."

The "Marzialek Pilsudski" is an Amlot metal biplane powered by a 650 horse-power motor. Its wingspread is 65 feet and cruising speed about 150 miles an hour.

Their flight is sponsored by the Polish government and follows months of intensive preparation. The plane is not equipped with radio.

ABOARD THE S. S. COLUMBUS

VIA CHATHAM, Mass., Aug. 2.—(INS)—The steamship Winnawaska rescued Captain Frank T. Courtney and three other members of his sea-plane, The Whale, late this afternoon according to a wireless message from the Winnawaska intercepted by the S. S. Columbus late today. The plane was sighted by the Winnawaska at latitude 42.27 north and longitude 39.05 west, having drifted a considerable distance from the spot 500 miles west of the Azores where it had fallen into the Atlantic ocean this morning on its flight from the Azores to Halifax.

LONDON, Aug. 3.—(INS)—Capt. Frank T. Courtney's trans-Atlantic sea-plane, the Whale, which was forced down in mid-Atlantic by fire during an attempted flight from the Azores to Newfoundland, was abandoned at sea, according to a radiogram from the liner Cedric to the Evening News this afternoon.

Courtney radioed the following graphic message, depicting the descent of his plane, to the Morning Star:

"We were picked up by the Minnewaska after a terribly harrowing experience. Our machine caught fire midnight Wednesday. We were flying at a height of 1,500 feet at the time. We landed in flames on the rough sea. Then put out the fire and waited for aid."

TO QUIT MAKING HALF DOLLAR IN ALL U. S. MINTS

By International News Service
DENVER, August 3.—Half dollars, like silver dollars, will be unknown within a few years, according to Robert J. Grant, "Boss" of the United States Mints, who was recently on a visit here. The smaller paper dollar bill, soon to be placed in circulation, will accelerate the exit of the silver dollar, and, according to Grant, people would rather have two quarters than one fifty cent piece.

"No half dollars have been coined in the east in the last six years," said Grant. "The coinage of silver dollars has almost stopped too. We did coin between 3 and 4 million silver dollars at San Francisco and Philadelphia during the year that ended June 30 last, but that was not many as compared with the amounts coined in former years."

Silver Dollar Out
"Two years ago we tried to popularize the use of silver dollars in the East. We put 10 million silver dollars in circulation but they were all back in the banks in a few weeks. The people just won't use them, and now half dollars are seldom seen in the east altho you will see a few in the West."

"We tried to popularize the silver dollar because it costs the government less to keep silver money in circulation than it does paper money. It costs 3 cents a year to keep every paper dollar bill in the country in circulation whereas it costs less than 1 cent to coin a silver dollar and a silver dollar won't wear out and need replacing as a paper dollar will."

The holiday season is when most currency is needed, according to Grant. Ninety-five per cent of the money distributed by the mints of the national government is distributed during the last three months of the year.

Mints Are Busy
The Eastern mints are, as a rule, busier than the Western mints. Ninety per cent of the money in circulation is east of Chicago. Money is usually coined in the section of the country where it will be put in circulation. Transportation of coined money is expensive.

During the past year, 120 million dollars of Double eagles, 20 dollar gold pieces, was coined at the Philadelphia Mint. Most of this gold was

EVERYTHING SHE ATE BROUGHT ON INTENSE MISERY

Says Konjola Delivered Her From Stomach Trouble And Rheumatism

MRS. JAMES HAZEL

"The first bottle of Konjola convinced me that I had at last found the right medicine for my stomach trouble," said Mrs. James Hazel of Harrodsburg, Ind. (near Bloomington).

"For years I never knew what it was to be entirely free of stomach miseries. My food seemed to lodge in my stomach like a piece of rock and there was a heavy, bloated feeling no matter how little I ate. Most of the time I had pains from my throat to the pit of my stomach. I also suffered with rheumatism in my feet and legs. The swelling in my ankles and knees was so painful that I couldn't bear to stand on my feet. I tried everything for relief, but nothing seemed to help me.

"Since I have taken Konjola, I am not only free of stomach trouble, but my rheumatism is entirely gone and my health in general has improved in every way. I have a good appetite, sleep better at night and always feel fine during the day. Konjola will always have my hearty endorsement."

Konjola is sold in Greenville, Ind. at Owl drug store and by all the best druggists in all towns throughout this entire section.

After tasting this fresh churned from fresh cream butter, you'll agree that its finer flavor is an adequate reason for its use by particular people. Oak Grove is butter at its best.

SCHLOSSER'S OAK GROVE BUTTER

New Razor Blade Sensation

Marvelous Engineering Achievement by World-Famous Manufacturer Wins Popular Favor

Now the fellows with tough beards and tender skins have no excuses for imperfect shaves. No complaints about old-fashioned razor blades that pull and scrape.

The Valet AutoStop Razor—with the new "VALET" blade—is a shaving wonder. The AutoStop Safety Razor Co., which developed it, have had all the practical experiences that make up a quarter century's devotion to shaving problems.

Introduced to the public a short time ago, this new "VALET" blade has received wide acclaim—and dealers everywhere report unusual sales. The name VALET cut through the blade identifies this shaving marvel. Now you can do your shaving "trick" in less than 2 minutes. The first shave—and many shaves after, with the same blade—brings home to you quite forcefully the fact that shaving can be a pleasure instead of a habit.

Not just a habit—but a pleasure

Try the Valet AutoStop Razor—with the new "Valet" blade. The first, second—even the tenth or fifteenth shave with the same blade, convinces you beyond doubt that before your shaving was only an uncomfortable habit—now it's a pleasure.

Accept No Substitute!

AUTOSTOP SAFETY RAZOR CO., INC., NEW YORK, N. Y.

The Blade that VALET Serves the Nation

THE VALUE OF A NAME

Everybody knows the value of a good-name to an individual, but not many stop to think of the enormous value of a trademark. It has been only a few years since Liggett & Myers Tobacco Company began to advertise Chesterfield Cigarettes; but from the very beginning the brand has grown—year after year, month after month—until the sales have reached an enormous volume and the name Chesterfield is worth millions and millions of dollars and is known in every nook and corner of the country. Everybody knows "They Satisfy."

exported, between 80 and 90 million dollars worth going to Argentina alone.

The Denver mint has coined nothing larger than quarters during the past year, said Grant.

THE THEATERS

THE VONCASTLE
New Thrills Promised
In Tyler Western Film
Tom Tyler, western ace, outdoors all his former pictures in trick riding and daredevil stunts in "The Cherokee Kid," his latest thriller, which will show at the Voncastle Saturday.

When he rescues his sweetheart, as she is being forced to ride away with the heavy, galloping on between their madly running horses, standing in his saddle to make the leap, and dragging the heavy off his horse to the ground where they struggle, you gasp for breath at his iron nerve and daring.

This is only one of many such gripping incidents showing Tyler's superb strength and marvelous horse manship. There are three glorious fights in the picture and riding that will give you all the excitement of a grand stand seat at a race track.

The chief delight of Tom Tyler's westerns, however, is that they are not of the lurid melodramatic type but are plausible human dramas of the lives of real people, of the cattle country. The photography in "The Cherokee Kid" is unexcelled and you will feel as though you have had a trip into the most beautiful mountain country in Southern California.

GREENCASTLE R. 3

Mrs. Henry O'Hair of Greencastle and Mrs. M. Morris of Tennessee, spent Wednesday with Mr. and Mrs. Russell Scobee.

Mr. and Mrs. M. O. Lyon of Greencastle and Mr. and Mrs. James Lyon of Ben Davis called on Mr. and Mrs. Lockett Hurst Saturday evening.

Mr. and Mrs. Lee Bowen and family of near Coatesville, Mr. and Mrs. Lockett Hurst and Jesse Howard Jones spent Sunday at D. V. Hurst's.

Mr. and Mrs. Glenn McIntyre and daughter are visiting Mr. and Mrs. Harry Brown.

Louise Jones has been camping with a crowd of Bainbridge girls at the Shades.

Mr. and Mrs. Walter Reeves spent Sunday at Martinsville.

Raymond Reeves returned home from Camp Knox Tuesday.

When you hear the Calliope, Tuesday, August 7 you will know Tad's big Uncle Tom's Cabin show is in town, don't forget the day and date.

SOCIETY

Memorial Services Held
By Country Reading Club

The Country Reading Club met Thursday afternoon with Mrs. Albert Stoner. Responses to roll call were, "recent science discoveries which interested me most." This was followed by a delightful review of the book "Bridge of the Saint Louis Ray." Then a memorial hour was held for Mrs. Frank Daggy, one of the club members, who recently died. The paper was written and read by Mrs. Daniel Hutcheson, sister-in-law of the deceased member.

In Memoriam

In the passing of Laura Louisa Daggy we realize that her sun has gone down while it is yet day. The true worth of a jewel can not be estimated neither can its value be realized until it is taken from us.

Our dear Sister will be sadly missed from our club meetings, to which she contributed so much. We desire to express quite simply and without exaggeration our deep sense of loss, and to pay our tribute of respect and affection to Mrs. Daggy who has been a member of the Country Reading Club for twenty-four years.

Our thoughts of her are cherished associations, her kindness, courtesy, loyalty and devotion to our club, her faithfulness to her obligation; her interest in the finer things of life, her quiet humor and her charity; all combined to make her a worthy member. We recall her many good papers and the many pleasant meetings we enjoyed in her home.

There was in her that "brave old wisdom of sincerity" that makes pretense impossible and in the clean air of which egotism can not live. Our meetings were always the more en-

joyable for her presence.

Mrs. Daggy brought with her a personality easily entered into communication with others and which no one could come in contact without being enriched. Her memory will be tenderly and proudly cherished by her club.

The life now closed, the record of worldly greatness often inspires emulations but the memory of the good moulds worthy character and gives beauty to the soul. Her life was never dependent on discouragement and she met every problem of daily life with the breadth and depth of understanding that always resulted in the best possible solution.

She was just, without claiming any reward for so being. Sacrificing without expecting praise. Loving not by design but because it was her nature to love.

Loyal to her family and friends not because of duty, but by desire. Unselfish not alone in theory but practically in every day affairs.

Justice, Love, Loyalty and Unselfishness were inherent in her and always controlled her actions and conduct. She loved God, humanity and life.

She began to live that greater and grander life here-after while yet on earth. A part of her heaven was enjoyed on earth and her life now is not so much a change as it is a continuation of her many years among us.

There are stars that go out in the darkness,

But whose silvery lights shine on;

There are roses whose perfume still lingers

When the blossoms are faded and gone.

There are hearts full of light and of sweetness

When no longer their life current flows.

Still their goodness live on with the living

Like the soul of the star and the rose.

Little Tots

To Have Picnic

There will be a picnic supper for the children of the primary department of the Christian Church Saturday afternoon at 4 o'clock on the lawn at the home of Mr. and Mrs. Frank Talbott, at Hanna and Bloomington streets. All children and their mothers are to meet at the Christian Church at 3:45 o'clock. Each person is to bring a dish of food and sandwiches.

.....

CLEAVER SENTENCED

CHICAGO, Aug. 3.—(INS)—Chas. (Limpy) Cleaver, found guilty with his co-defendant attorney Charles S. Wharton on charges of participation in the Grand Trunk \$133,000 Evergreen Park Mail robbery, was today sentenced by Federal Judge Wilkerson to 25 years imprisonment in Atlanta penitentiary and to pay a fine of \$10,000.

Wharton was not sentenced. His attorneys won the delay when a motion for a new trial was granted and set for hearing September 17. Motions for a new trial in Cleaver's behalf were refused.

.....

YANKEE LEAD IS

CUT TO 4 GAMES

By LES CONKLIN

NEW YORK, Aug. 3.—The four games to be played between the Athletics and Yankees here next month assumed new importance today with far from hopeless handicap for a team New York's lead cut to 4½ games that is traveling as fast as the A's are at present. Since being licked twice by the Yankees here on July 1, the mackmen have won 27 out of 33 games and are now riding on the crest of a ten-game winning streak. The hugmen have last seven out of eleven in the west and face tough going against the rejuvenated White Sox in Chicago next week.

Lazzeri, New York's crack second sacker, is out for nearly a week with a bruised shoulder and Penneck, the team's only reliable hurler, was ben by the Browns yesterday in fifteen innings, 4 to 5.

George Earnshaw for the Athletics blanked Cleveland yesterday 6 to 9.

The New York Giants during their home stand have copped eight out of eleven. They took second place away from Cincinnati yesterday by beating the Reds 7 to 5, Jackson's two doubles featuring.

The St. Louis Cardinals remained 6½ games in front of the New Yorkers, however, when Flint Rhem easily tamed Boston 6 to 1.

The pennant stock of the Cubs was higher today as the result of Hal Carlson's 3 to 2 win over Brooklyn.

Winning spurts by Chicago and Detroit are secondary features in the American League. The White Sox, scoring their sixth straight victory gained undisputed possession of fourth place by walloping the Red Sox 6 to 3. Detroit, making its nine wins in eleven starts grabbed a 5 to 4 deef.

Scoring twelve runs in the first ten over Washington in the twelfth, three innings and collecting twenty hits Pittsburgh massacred the Phillies, 18 to 4.

OLYMPIC TEAM IS WORST IN U. S. HISTORY

WRITER GUESSES AMERICANS HAVE BEEN "COMMITTED" TO DEATH—HAVE NOT WON SINGLE FIRST IN SEVEN RACES

By DAVID J. WALSH

I. N. S. Sports Editor

NEW YORK, Aug. 3.—The worst American Olympic team in history.

This was the inevitable conclusion today, reached by those content to judge by results and, if there is anything else worth judging by, it has escaped, through a grave oversight, the public's minute attention. Until further notice, therefore, it must be assumed that an American team which fails to win a single race in seven held to date, can't be much better than downright bad.

It is the same team, man for man, that less than three weeks ago prompted General MacArthur, president of the Olympic committee, to burst into an oration during which he hailed the outfit as the greatest ever. It was a pretty good team, at that. It was then; it isn't now. What has happened to it in the meantime?

Already tales are drifting back to America purporting to deal with laxity in training and prevalence of conceit in the camp of the American athletes.

MUSIC RECITAL BY STUDENTS

A student recital will be given in Music Hall this evening at 7 o'clock. No admission will be charged. The following program has been arranged by Prof. H. J. Barnum:

BARBUTTI WINS

400 METRES RACE

By HARRY R. FLORY

International News Service Staff Correspondent

OLYMPIC STADIUM, AMSTERDAM, Aug. 3.—Ray Barbutti, Syracuse University's all-star athlete, brought the American shield down in front in a running event in the Olympic games by winning the 400-metre final heat today.

Barbutti was timed in 47.45 seconds, just a fifth of a second behind the Olympic record.

The other American, Herman Phillips, Illinois A. C., finished sixth.

Ball, Canada, was second; Buchner, Germany, was third; Rinkel, Great Britain, was fourth, and Stors, Germany, fifth.

Willie Ritola, the Finn who learned his running in America, obtained satisfaction in full for past indignities at the hands of feet of his great countryman, Paavo Nurmi, by beating the famous flying Finn in the final of the 5,000-metre run at the Olympic Games today. Ritola's victory reversed the order of the finish in the 10,000-metre event on Sunday last. Edwin Wide, the noted Swede, was third today and Leo Lemmond, Boston, running well up to the expectations, was fourth.

.....

LIVESTOCK

INDIANAPOLIS, Ind., Aug. 3.—The hog market today was 10 to 15 cents lower or mostly 10 cents lower.

The bulk from 150 to 300 lbs. sold from \$11.25 to \$11.55 with a top of \$11.65.

The cattle market was slow and draggy on all slaughter classes. One load of beef steers sold for \$14.75. The vealers opened steady and were selling largely from \$16.50 down, with an early top of \$17.00 and a later tone higher with a few choice selling from \$17.50 to \$18.00.

The sheep and lamb markets were steady. Good lambs sold from \$12.50 to \$14.25. A few fat ewes sold from \$5.00 to \$6.00.

LOCAL APPENDICES

Mr. and Mrs. Ezra Arnold, of Fillmore are driving a new Fordor sedan.

O. J. Rector was a business visitor in Indianapolis Friday.

Mrs. A. A. Abbott returned Thursday from Glendive, Mont., where she visited her sister.

Miss Louise Blue is taking her vacation from the Greencastle Telephone Company.

Miss Leota Mullins visited her sister, Miss Mae Mullins, in Terre Haute, Thursday night.

Mrs. Carl Riggall of Bainbridge had a tonsil operation Wednesday at the Culver Hospital in Crawfordsville.

Lynn McFarland, of Fillmore, who has been in the county hospital for observation since Monday, was removed to his home Thursday evening.

Mr. and Mrs. Fred Hillis of Lexington, Ky., are in Greencastle, the guests of Mr. and Mrs. Frank Shoptaugh, east Seminary street.

Mr. and Mrs. J. F. Willis of Bainbridge, Ga., who have been visiting Mr. and Mrs. Curtis Hughes and family will return to their home Monday.

Beck Sales Company report the sale of Chevrolet trucks to the Marshall Cement and Grain Co., and Daniel Rightsell of Coatesville and a Chevrolet coach to Robert Allen.

County Prosecutor Clifford Dickerson has gone to his home near Roachdale for a few days. Work at his office is being carried on by ex-prosecutor Glenn Lyon. Mr. Dickerson expects to return Monday.

Mr. and Mrs. T. M. Pierson and son and Mr. and Mrs. Louis Traut of Central Square, N. Y., are visiting Mr. and Mrs. J. C. Knight, 501 Elm street. Mr. Pierson is a brother of Mrs. Knight.

John R. Miller, of Pittsburgh, Pa., a former DePauw student, is spending his vacation with Mr. and Mrs. F. E. Todd and family. Mr. Miller is now employed in the Mellon National Bank at Pittsburgh.

Mr. and Mrs. W. N. Voliva and son Donald of Indianapolis, visited Miss Effery Voliva, Thursday. Donald Voliva will enter DePauw this fall as a Rector scholar. He graduated from the local high school last spring.

Misses Elizabeth Stoner, Virginia Stoner, Mary Houck and Keith Hall are expected home Friday evening from a vacation motor trip. They visited in Rockford, Ill., then drove to Wisconsin where they visited at Lake Geneva, Madison and Milwaukee.

One of the largest crowds of the season attended the band concert on the north side of the square Thursday evening. A delightful program of varied numbers was given. Another concert will be given by the Band next Thursday night.

Funeral services for Joseph Sharp, who died at his home late Wednesday afternoon, were held at the Christian Church at Coatesville, Friday afternoon at 2 o'clock with the Rev. Bruce Kerschner, pastor of the church, in charge. Burial was in the Coatesville cemetery.

Funeral services were held at Carpenter's Friday morning for John W. Shillings, 65, for many years a resident of that town, who died Wednesday in Bainbridge. Mr. Shillings, accompanied by his wife, was on his way to see a doctor when death occurred of heart disease.

Miss Deena Scobee, daughter of Mr. and Mrs. Clarence Scobee, Clinton Falls underwent an operation at the county hospital Friday morning for chronic appendicitis. Dr. Thomas Noble, Jr., of Indianapolis and W. R. Hutcheson were the operating surgeons.

Mr. and Mrs. Todd Kirk and son will leave Saturday on a motor trip to Wisconsin, after which they will go to Kirksville, Mo., for a visit with relatives. Mr. Kirk, who has been connected with the DePauw Athletic coaching department, has resigned his position here.

Miss Mary Birch and Miss Grace Birch, formerly of Greencastle, who have been in Helena, Montana, where Miss Mary Birch has been teaching for the past five years, are back in Greencastle for an indefinite stay. They will not return to Montana but expect to remain in Indiana.

Mr. and Mrs. Roy Hillis and daughter Edna, were in Indianapolis Friday where they attended the annual picnic of the State Automobile Association at Broad Ripple Park.

Mr. and Mrs. John Maloney and daughter, west Franklin street, returned home Thursday from French Lick, where they have been visiting the past two weeks.

GALAXY OF RACE STARS ENTER AT JUNGLE PARK

ROCKVILLE, Ind., Aug. 3.—(Special)—Most of the leading dirt track race stars in Indiana and several nearby states have entered their speed creations in the races Sunday to be held at the Jungle Park track, located eight miles north of here on state road No. 41. Among the favorites will be Louis Schneider, Indianapolis favorite who will drive No. C-1 a Fronty, "Howdy" Wilcox and Bill Cummings, also of Indianapolis, who compose the DeLuxe Taxi team, Ira Hall of Terre Haute, and Bill McCoy of Sullivan.

Hall has secured a new car for this race, the famous "Duece" in which "Dutch" Bauman has raced to fame. The Terre Haute speed king has purchased a new racing car from Art Chevrolet, but it is still in the factory and he has secured permission to pilot the "Duece", one of the fastest Frontys ever built, in this race.

With no other races scheduled in this district, the Jungle Park owners are confident of attracting a record entry list of nearly 25 cars. Two 10-mile races, a 5-mile consolation dash and a 20-mile feature grind form the speed menu. The first race will start at 2 o'clock.

SHORTHORN BREEDERS HEAR TALKS

PRESENT ERA OF GOOD MARKETS FOR BEEF CATTLE GROWERS WILL CONTINUE FOR FOUR OR FIVE YEARS, SPEAKER SAYS AT ANNUAL PICNIC

Optimistic predictions that the present era of good markets for their beef cattle would continue for at least four or five years, were heard Thursday by member of the Crawfordville District Shorthorn Breeders' Association, at their annual picnic at Tara Hill stock farm owned by J. B. McCabe & Sons, west of Morton. About eighty persons attended the picnic.

Speakers for the day included J. B. Tormey of Chicago of the American Shorthorn Breeders' Association; and Frank King and P. T. Brown of the animal husbandry department of Purdue University. Dr. T. A. Sigler, of Greencastle a past president of the American Veterinarians Medical Association, also gave one of his humorous talks.

Dr. Tormey outlined the present pure-bred cattle situation while Mr. King and Mr. Brown spoke optimistically of the present good times for beef cattle growers and of the profits to be realized in this industry.

Mr. King said that since 1921 beef cattle growers had experienced good markets for their cattle. Based on past history the growers could expect at least four or five more years of good prices before the markets started a decline, he said.

Mr. Brown gave a summary of records kept by beef cattle men in the state during the past year. He pointed out that the summarized records showed that the average cost of keeping a beef cow and raising a calf was \$28.69 a year. At weaning time the calf had an appraised value of \$48.50 he said, showing the profits to be made in this industry.

A big basket dinner and election of officers were other features.

OPEN NEW ROAD ACROSS STATE

INDIANAPOLIS, Ind., Aug. 3.—(SPECIAL)—With ten miles of new pavement completed on U. S. Highway 20 between Lagrange and the Steuben county line, this project was opened to traffic this week (at driver's risk) while the contractor is completing the shoulders, John D. Williams, director, announced today in the commission's traffic bulletin.

Opening of this project marks completion of paving U. S. 20 entirely across Indiana from Chicago to the Ohio line and provides a paved route between Illinois across Indiana to Toledo, O. Lagrange and Steuben county citizens staged a monster celebration Thursday that included a motor drive over the new pavement, ending at Potawatomi Inn, Pokagon State Park on Lake James, now connected with pavement with many Ohio cities and via U. S. 20 with Angola, Lagrange, Elkhart, South Bend, Michigan City, Dunes State Park, Hammond and Chicago.

The traffic bulletin further stated that traffic is using new pavement on Road 45 between Gentryville and Dale, and a portion of the new paving project on the same road between Dale and Huntingburg. The bulletin called attention to removal of several detours as new bridges went into use on several roads this week.

CORN BORER SPREADS

INDIANAPOLIS, Aug. 3.—(INS)—The European corn borer has been discovered in four Northern Indiana townships in three counties, state and government field scouts reported today to the state department of conservation.

The newly infested townships were Jackson township in Huntington County, Jefferson township in Whitley County and Center and Greene townships in St. Joseph County.

The borer now has infested 133 townships in 16 Indiana counties.

The newly infested townships probably will be placed under quarantine.

Chicago, 3; Brooklyn, 2.
New York, 7; Cincinnati, 5.
Pittsburgh, 18; Philadelphia, 4.

CONGRESS WILL MAKE U. S. 'SAFE' FOR PROSPERITY

By WILLIAM S. NEAL
I. N. S. Staff Correspondent

WASHINGTON, Aug. 2.—Congress will be confronted with the task of "making the country safe for prosperity" in its next session.

While similar proposals have been numerous in the past, they have lacked the powerful support necessary to place them in the forefront of legislation. Now, Sen. Wesley Jones (R) of Washington, the chairman of the Senate Commerce Committee, has proposed to secure action.

Jones' plan is based upon the idea that it is foolish for the government, whose credit is good at all times, to spend huge sums in internal improvements while the country is in prosperous condition. He would create a huge reserve fund to be used when statistical information reveals a real slack in industry.

Expected Support

Other members of Congress who made similar suggestions, it is known, are hopeful of obtaining serious consideration of their measures.

The success of the present federal building program, which really got well under way at a time when many cities were catching up with their building needs in the post-war period is believed to be responsible for an increasing sentiment for the plan.

With a bill already reported and on the Senate calendar, Sen. Jones believes that business of the short session will be so light that he can have the measures given preferred status.

"Industrial depressions seem to come and go in cycles," explained Sen. Jones. "Why, we may not exactly know. Their prevention is most desirable and any action that will retard or prevent their recurrence will be beneficial to everybody and to every industry. One of the greatest evils from these depressions is unemployment."

"There are many governmental activities that can employ labor. If they can be so directed as to furnish increased employment when an industrial depression is threatened or is under way the result must be good."

Advance Planning
"The principle of advance planning of public works so that expenditures may be made to influence in a good way employment conditions in the country has been accepted by all who have given it serious thought. Its application by the federal government will encourage municipal and state governments to apply it in their activities. The result locally will be good and far reaching."

Among the proposed federal appropriations, to be spent when contracts for construction work have fallen 10 per cent for a three-month period below the average of the corresponding three-month period, the \$75,000,000 for good roads, \$50,000,000 for rivers and labor work, \$15,000,000 special public buildings.

HICKMAN DENIED REHEARING; MUST GO TO GALLOWES

SAN FRANCISCO, Cal., Aug. 2.—The fate of William Edward Hickman, slayer of Marion Parker, 12-year-old Los Angeles (Cal.) girl, was sealed today when the California state Supreme court handed down a three-line decision denying him a rehearing of the appeal refused him a few weeks ago.

Hickman must go to the gallows at San Quentin prison within the next four months.

The law provides an execution must follow in not less than sixty and not more than ninety days after the remittitur is handed down. The court has thirty days in which to hand down a remittitur.

AUTO INJURIES FATAL TO WIDOW OF BISHOP

GOSHEN, Ind., Aug. 2.—Mrs. John Hazen White, 70 years old, widow of the widely known bishop of the northern Indiana diocese of the Episcopal Church, died in a local hospital late today of injuries suffered yesterday in an automobile accident near here.

X-ray pictures disclosed that Mrs. White had not suffered a fractured skull, but that her right wrist was broken. She also suffered an injury of the hip, severe cuts on the head and from shock.

Mrs. White's son, Archdeacon H. Russell White, who was driving with his mother from their home in South Bend to Lake Wawasee when their automobile turned over, also is in the local hospital. He was not seriously hurt.

TOWNSHIP TEACHING STAFF ANNOUNCED

The list of teachers for the public schools of Franklin Township this year, as announced Thursday by school officials, shows that nine members of last year's staff have been retained while seven new faces have been added to the faculty.

A strong array of teaching talent is believed to have been secured for this year. All of the high school faculty are college graduates with one exception. The list is headed by Eugene D. Hutchins as principal. Mr. Hutchins has taught in the local school for the past six years and last year finished the school year as principal following the resignation of Glen Clodfelter.

Teachers as announced Thursday are: Eugene D. Hutchins, (Wabash) principal.

Herbert Jeffries, (Wabash) coach, Soc. Sc.

Robert Hanna, (Wabash) History. Noble Wallace, (State Normal) Math. Tr., Physics.

Esther Crosby, (State Normal) D. S., and Science.

Josephine Clay, (Butler) English. Annis Crawford, (State Normal) Latin, Mat.

Dorothy Wright, (DePauw) Music, Art.

Grades

Eston Cooper, (State Normal) 5th and 6th grades.

Ruth Cunningham, (State Normal) 4th and 5th grades.

Esther Stamp, (State Normal) 3rd and 4th grades.

Ethel Milburn, (Madam Blakers) 1st and 2nd grades.

Carpenters' School

Thomas Harvey, Blanche Hale.

Grider School

Mary V. Brothers

Raccoon School

Grace Arnold.

MOVIETONE WILL RECORD WINONA PROGRAM AUG. 12

WINONA LAKE, Ind., Aug. 2.—For the first time in the history of the industry a visual and sound picture will be made of a great audience at Winona Lake Aug. 12. There will be a choir of 600 voices, an audience of from twelve to twenty thousand people, the choir of DePauw university and the Winona Concert band. All of this will be recorded by the Movietone, which records both sight and sound on the same film. The Rev. Paul Rader will be the speaker in the morning and the famous evangelist, Billy Sunday, in the afternoon. Homer Rodeheaver will have direction of the entire program.

SHELL MOTOR OIL

Protected by Shell Motor Oil you can tour with confidence

THE terrific punishment of long trips at high speed has no terrors for SHELL MOTOR OIL. Just the right body... thin enough to flow freely and cushion every moving part with a tough, clinging film... heavy enough to stand the gaff.

When your foot has held the accelerator down on the floor-board for hours at a stretch, it is natural to be a little uneasy about the oil "standing up" unless it is SHELL.

SHELL MOTOR OIL is made for just such grueling service. The carefully selected crudes which are its base... the special refining process employed... and the specifications to which it is refined, combine to produce an oil of exactly the right body. It is thin enough to flow freely to every moving surface... heavy enough to come through heat and friction unharmed... a constant protection to your motor and pocketbook.

Nobody forces a car to the limit all the time, but it gives a comfortable feeling of security to know that your engine is always protected by a lubricant which will withstand a far more severe test than you could possibly give it.

All SHELL yellow-red service stations and authorized Dealers are glad to give free crankcase service.

ROXANA PETROLEUM CORPORATION
SHELL BUILDING • SHELL CORNER • SAINT LOUIS

400 "Extra Dry" SHELL Gasoline
Shell Gasoline is EXTRA DRY—free from heavy, gummy, carbon-bearing elements... It is a quality product, alive with power, more expensive to produce, but costs you no more than the ordinary kind.
